

# **EVOBOX Club professional karaoke system**

## **Brief description**

EVOBOX Club is a professional karaoke system for small karaoke clubs and karaoke rooms. The karaoke system is subscription-based and gives your guests, and you access to the Sunfly karaoke catalogue of 17,000 + studio tracks. Other benefits include commercials for your venue, vocal effects, performance recording, smart singing scoring, custom blacklists, and much more in your establishment with EVOBOX Club.

## **Full description**

### **Favourable subscription options**

Subscription gives you full access to all karaoke system functions and the complete karaoke catalogue by Sunfly Karaoke. Choose a 30-day or 365-day subscription based on your business needs. The 365-day subscription saves you 30% of its cost. On top of that, you get a free 30-day subscription suspension, if your place is going to take a break in its work.

### **Two control modes**

EVOBOX Club is ideal for using in the common room of a small karaoke club and karaoke rooms, as well as cafes, banquet halls, and sports bars. Select the appropriate control mode of the karaoke system. In the "common room" mode, the karaoke system is controlled by the sound engineer or any club employee through the EvoControl app on a tablet. In "karaoke room" mode, your guests can use their tablets to control the karaoke party themselves, but they do not have access to changes the system settings.

### **4K Karaoke**

The 4K resolution enables visitors to enjoy their favourite songs with very clear subs and ultimate comfort. A specially selected collection of 4K UHD video backdrops and slideshows makes karaoke played in your establishment especially bright and aesthetic.

### **Promote your special offers**

EVOBOX Club will help you display on the guest screen an advertising image and creeping-line text, your place's logo, as well as a slide show of photos, promotional videos and announcements of events.

### **Create tailor-made blacklists**

Add the songs that do not fit the club format or outlawed to tailor-made blacklists to prevent the tracks from being played in your establishment. Block songs with obscenities if the event format requires it.

### **Regular and free updates**

Install regular software updates for EVOBOX Club and enjoy new karaoke features.

### **Best karaoke for your guests**

Only with EVOBOX Club, all the modern karaoke possibilities are available to your guests: professional processing of vocals and voice effects, changing of tracks' tone and tempo, studio sound recording, smart performance scoring, etc. The subs of karaoke tracks are displayed in the center of the screen in 4 lines with fading out for ultimate performers' comfort. The unique LiveFX effect allows your guests to find themselves on the stage of a live concert and sing to the cheering fans. And background music will fill in the pauses between performances so that visitors can dance.

### **Extended Lifetime Warranty**

Your karaoke system comes with an extended lifetime warranty for the entire 365-day subscription period. It ensures that any malfunctions of your system will be repaired for free.

- User's manual

## **Specifications of the EVOBOX Club karaoke system**

### **Audio inputs**

Microphone inputs: balanced TRS 6.3 (Jack), 2 pcs.

Maximum gain on the microphone input: 32.5 dB

Maximum input amplitude: +0.14 dBn (0.788 Vrms)

Input signal-to-noise ratio: -102 dB (A-weighted)

Dynamic range: 95.7 dB

Harmonic distortion + noise: 0.0011%

Frequency range: (+/- 0.5 dB) 50 Hz - 20 kHz

Interpenetration of channels: -95.3 dB Input resistance: 25 kOhm

### **Audio outputs**

Stereo output: RCA, 2 pcs.

Output signal-to-noise ratio: 102 dB (A-weighted)

Dynamic range: 99.4 dB Harmonic distortion + noise: 0.005%

Frequency range: (+/- 0.5 dB) 20 Hz - 20 kHz

Maximum output amplitude: +4.7 dBn (1.34 Vrms)

Output resistance: 470 Ohms

### **Video**

Maximum image resolution 4K UHD (3840 × 2160)

Supported file formats

Video: MOV, AVI, MP4, MKV Audio: WAV, OGG, MP3, FLAC Images: PNG, JPG, JPEG  
Karaoke: EK2

## **Connectors and interfaces**

Wi-Fi 802.11ac. Operation in two bands (2.4 GHz and 5 GHz)

Bluetooth 4.1 Low Energy HDM 2.0

USB Type-A, 2 pcs.

Gigabit LAN (RJ45)

Power connector

Control

EvoControl app for iPad (<https://itunes.apple.com/app/evocontrol/id1279792717?mt=8>) and

Android tablets ([https://play.google.com/store/apps/details?id=com.studio\\_evolution.evocontrol](https://play.google.com/store/apps/details?id=com.studio_evolution.evocontrol))

## **Accumulators**

1 TB (HDD)

## **System**

Processor: Quad Core Cortex-A53

DDR4 RAM capacity: 2 GB

Graphics subsystem: Mali-T820 MP3 GPU

## **Other**

Power supply: 12 V / 2 A

Power consumption: 24 W Operating temperature range: 0-50 °C
